# HALTIAN IOT GATEWAY

Technical Details

DEVICE INFO

Recommended operating temperature: 0°C to 50°C
Operating humidity: 0% - 95% RH non-condensing
Storage temperature: -20°C - +65°C
Storage humidity: 0% - 95% RH non-condensing
Indoor use only
Maximum Tx Power: +22dBm
Size: 150mm x 85mm x 40mm (5.90 " x 3.34 " x 1.57 ")
Weight 185 g / 0.4 lb

85 mm   40 mm   150 mm

DEFAULT FUNCTIONALITY

Haltian IoT Gateway running Linux based operating system acts as a data proxy between Haltian IoT mesh network devices and Haltian IoT Center. It does not do any active processing for the data payload passing through it. Gateway provides two-way communication for the IoT device mesh network using Wirepas protocol. For the Haltian IoT Center connectivity gateway uses either Ethernet or LTE (4G) depending on the chosen device version.
